

2024 Basic Master Beef Producer Series

Topics include basic reproduction, genetics, nutrition, forages, marketing, management, animal health, beef quality assurance, carcass merit, behavior and facilities. This is designed for producers who have not had any training and regardless of owning any beef cattle. It will qualify as Master Beef Producer certification for the Tennessee Ag Enhancement Program.

Dates are Tuesdays and Thursdays on February 6, 8, 13, 15, 20, and 27. Times are 6:00-9:00 pm CST. Sessions will be held at the UT/TSU Extension office at 2105 Midland Road, Shelbyville.

For details and registration, contact John Teague at 931-684-5971 or jteague1@utk.edu
